Subject: Information for next San Jacinto Site Open House
Date: Tuesday, April 26, 2016 9:58:50 AM

Good morning, as you may have heard we are planning for a late May Open House/ Availability Session for the site at the community center. This will be an informal meeting to talk with citizens in a one to one discussion format. No presentations are planned. Can you head up a Table of information/ hand-outs, in behalf of TCEQ. This could include Fact sheets, maps, pictures, etc that pertain to the general site and communities / river areas. We are asking out partner and CAG agencies to participate in this timely session.

Thanks,

9768293
